Rights and responsibilities of the patient (including cancelling appointments)

We aim to provide our patients with the best standard of care within the resources available to us and to deal quickly and efficiently with any problems that may arise. Patients will be treated with respect at all times in a confidential manner. In order to assist us in this we require that you take full responsibility to ensure that you keep medical appointments. If you are unable to keep your appointment, please notify the surgery so that we can offer the appointment to another patient.

The NHS operates a Zero Tolerance Policy with regard to violence and abusive behaviour. Aggressive behaviour of any type towards other patients, doctors or staff will result in immediate removal from the practice list in order to safeguard practice staff and others. In some cases the police may be informed.
